Internal Audits: Conclusion

The Internal Audit process is one of the most important in ISO 14001:2015 or any ISO standard.

Conduct internal audits to determine if the EMS:

- Conforms to planned arrangements for quality management .. this includes both the requirements of the ISO 14001:2015 standard and your own operational requirements,
- Has been properly implemented and is maintained
- Provide information on results of audits to the management group.
